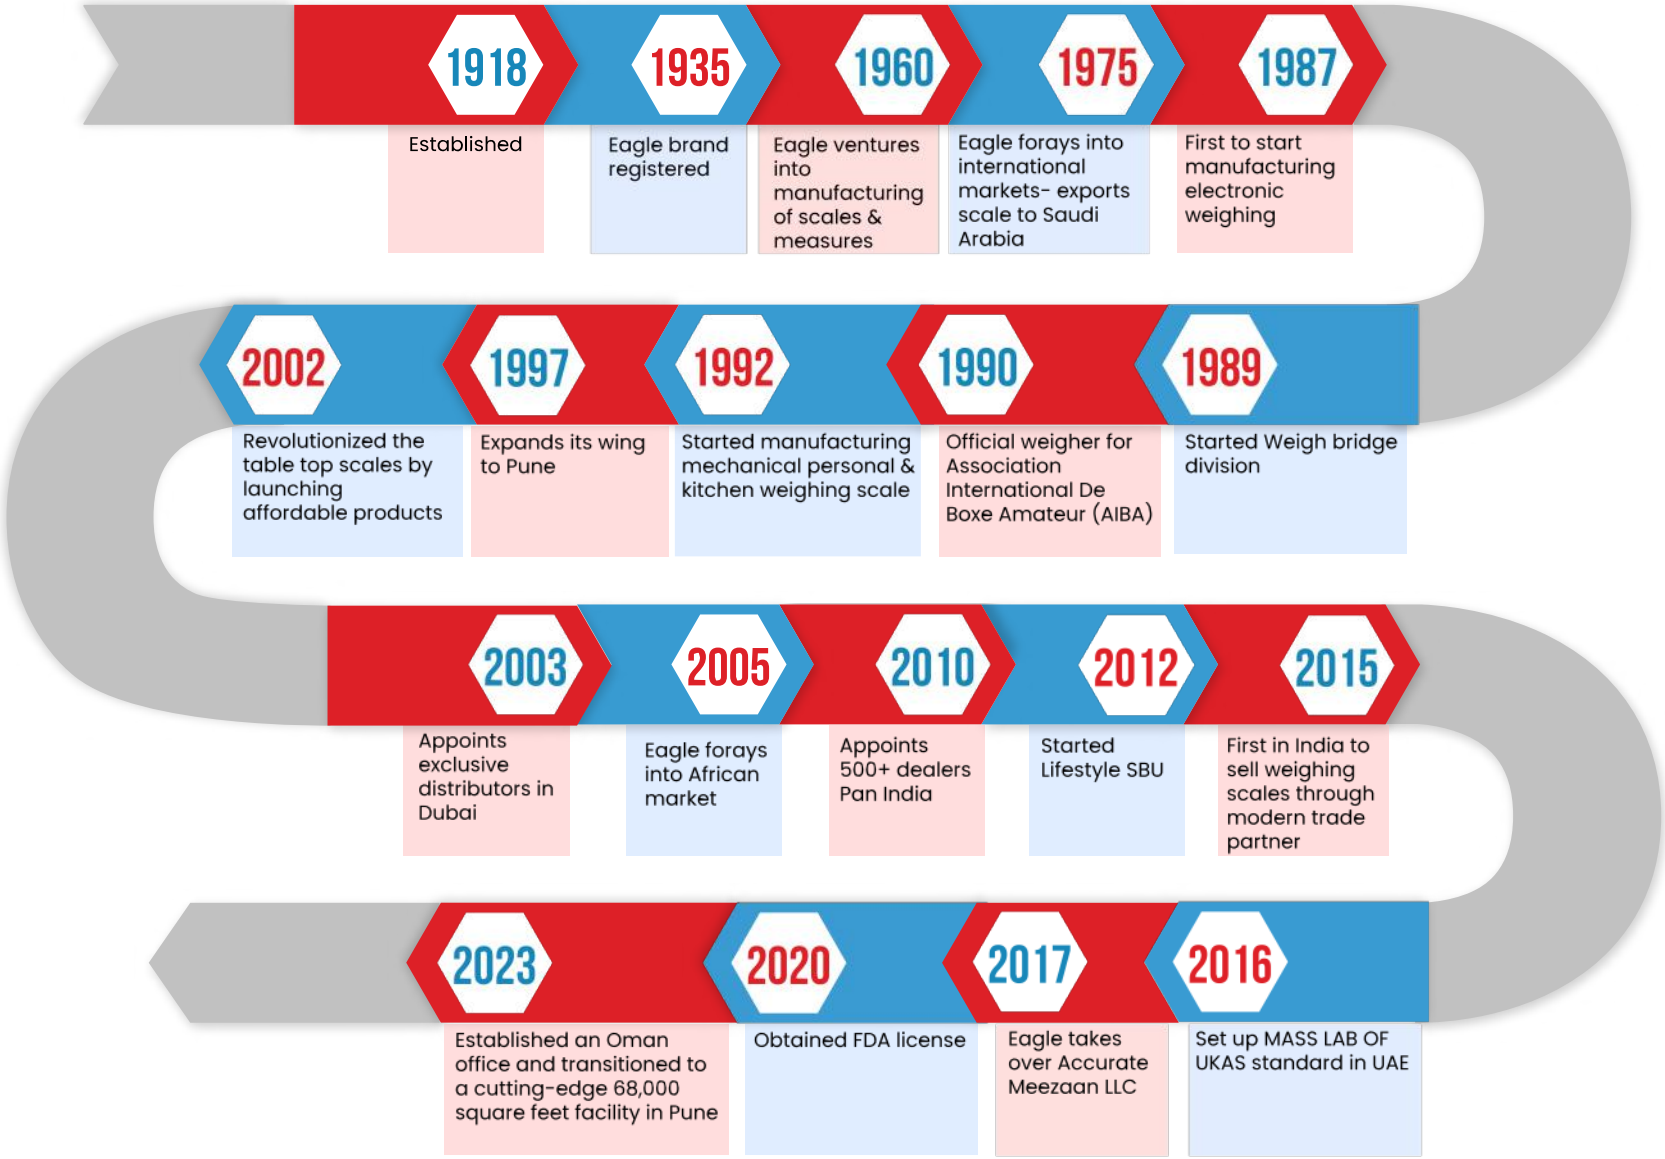
Eagle SINCE 1918

About Us

- **Four generations** of prioritizing customers over profits at EAGLE.
- Weighing range from 0.01 mg to 300 Tons.
- EAGLE scales are sold and serviced in 24 countries, finding a new home every three seconds.
- Since 2002 EAGLE has operation in middle east and in India since 1918.

Our Story



1918
Established
1935
Eagle brand registered
1960
Eagle ventures into manufacturing of scales & measures
1975
Eagle forays into international markets- exports scale to Saudi Arabia
1987
First to start manufacturing electronic weighing
1989
Started Weigh bridge division
1990
Official weigher for Association International De Boxe Amateur (AIBA)
1992
Started manufacturing mechanical personal & kitchen weighing scale
1997
Expands its wing to Pune
2002
Revolutionized the table top scales by launching affordable products
2003
Appoints exclusive distributors in Dubai
2005
Eagle forays into African market
2010
Appoints 500+ dealers Pan India
2012
Started Lifestyle SBU
2015
First in India to sell weighing scales through modern trade partner
2016
Set up MASS LAB OF UKAS standard in UAE
2017
Eagle takes over Accurate Meezaan LLC
2020
Obtained FDA license
2023
Established an Oman office and transitioned to a cutting-edge 68,000 square feet facility in Pune

Our Business

We have a total of 10,00,000+ unique retail & household customers.

Our industrial & retail products are sold by 1,000 active dealers across India, Middle East & Africa.

300 active distributors and 5,000 active retailors for our lifestyle range of products.

Over 35,00,000 industrial scales sold.

Over 50,00,000 lifestyle scales sold.

Our current Revenue are ~ 8 million USD.

Lifestyle and Medical

Personal Scale with Body fat
Our range of personal weighing scales includes both analog and digital models with a capacity of 120 to 180 kg.

Luggage Scale
Travel light and hassle free with our compact luggage scale.

Mother and Child
Electronic baby weighing scale equipped with high precision strain gauge sensors system.

Height and Weigh Scale
Weight, height, body fat, voice broadcast, data recording and review.

Kitchen Scale
Simplify cooking with our kitchen scale. Precisely measure ingredients for delicious, healthy meals. Available in 5kg and 10kg capacities.

*Various other scales to suite your needs

Retail

Price Computing

Eagle price computing scales are ideal for grocery, and other retail or food service weighing applications.

Counting Scale

Weighing cum counting table top for heavy duty usage in retail and industrial applications.

Table Top Titan

Suited for use in any part of world even in area's of extreme low voltage.

Bench Scale

Flexible, rugged bench scales for varied dry environment weighing tasks.

*Various other scales to suite your needs

Industrial

Lab Balance and Precision Scales

The balance is draft-protected, ensuring stable, precise readings in standard conditions.

Platform and Floor Scales Platform and floor scales provide durable, accurate solutions for heavy-duty weighing.

Waterpoof Scales

Waterproof scale endures harsh conditions, allowing easy cleaning after use.

Crane Scale

Crane scales, robust precision for lifting and accurately weighing heavy loads.

*Various other scales to suite your needs

Systems and Solutions

High Speed Check System

High-speed Check Weighers ensure top accuracy, allowing increased line efficiency.

Shipper Checkweigher

Ideal for Cartons, Boxes, and Bags. Capacity: 10-50 kg. Speed: 8-30/min.

Hopper Weighing System

Hopper weighing system with load cells, junction box, and controller. Versatile for various batch processes.

*Various other scales to suite your needs

CRANE SCALE

ELDR Crane Scale

Experience unmatched efficiency in industrial weighing with the ELDR Crane Scale. Equipped with an RF wireless remote control, it offers effortless operation, while optional wireless data transmission ensures seamless connectivity to remote displays and computers. The built-in battery provides 12 hours of continuous use, supplemented by an extra battery and charger for uninterrupted 24x7 operation.

With a direct adapter for convenient charging and a 360° swivel hook for versatile positioning, this scale is designed for optimal functionality. Additionally, an optional heat shield is available for hot metal applications.
Trust the ELDR Crane Scale for efficiency, precision, and reliability, setting new standards in industrial weighing technology.

CRN Series - HDF

CRN – HDF is a solid steel construction for long term durability for heavy duty use with anti-dust , splashproof and anti magnetic, ideal for use in rough industrial environment on account of its solid steel structure.

Convenient and safe to use. High grade alloy steel load cell ensures high accuracy. Equipped with infrared wireless remote control for simple user friendly operation and external battery charger and 2 sets of battery for 24x7 use.

INDUSTRIAL FLOOR SCALES

Nebula Series | Weighing Indicator

- **Automobile, Food Processing, Pharma, Steel, Fertilizer, and Retail Sectors:** Tailored for diverse industrial needs, ensuring precision across sectors.
- **Simple Weighing:** Ideal for basic weight measurements, perfect for retail shops and small businesses.
- **Accumulation Function:** Streamline operations by totaling multiple weights, enhancing efficiency in production lines.
- **Check Weighing:** Maintain quality control with precise weight verification, crucial in industries like food processing and pharmaceuticals.
- **Check Counting:** Ensure accuracy in inventory management through efficient counting processes, vital for retail and manufacturing.
- **Piece Counting:** Simplify inventory tracking with precise piece counting capabilities, optimizing workflow efficiency in various sectors.

- Lightweight ABS cabinet ensures durability and portability.
- Versatile functions include weighing, piece counting, check weighing, and more.
- Efficient unit conversion for seamless adaptability across applications.
- Long-lasting Lithium Ion battery for extended usage.
- Multiple connectivity options: RS232, TTL.
- Convenient 5V, 2.4A power adaptor with C type USB charging.
- Customizable limits with 9 locations for check weighing and counting.
- Connects effortlessly to portable thermal printer; optional Bluetooth available.

Efficiency, Precision, and Versatility Combined

WEIGHBRIDGES AND AXLE PAD

Pit Weighbridges

Modular weighbridges, high tensile steel construction, quick installation, resist bending under heavy loads, and durable in harsh environmental conditions.

Pitless Weighbridges

Pitless weighbridge suits sites with challenging excavation, costly pit construction. Elevated structure allows vehicles from two directions with ramps provided.

Axle Pad Weighing System

Axle Pad Weighing System measures wheel, axle, and total vehicle weight. Easily deployed on level surfaces, commonly used in various applications.

Portable Weighbridges

Modular design ensures cost-effective transportation. Customers can choose prefab metal or concrete ramps. Easy shifting for surface mount weighbridges.

Waterproof scales

Wash Down Table Top Weighing Scale | Aqua - IP68

Wash Down Bench Weighing Scale | Splash Bench - IP67

Wash Down Platform Weighing Scale | Splash Platform - IP67

Fully Waterproof Bench Weighing Scale | H2O Bench - IP69K

Fully Waterproof Platform Weighing Scale | H2O Platform - IP69K

Wash Down Table Top Weighing Scale

Aqua - IP68

AQUA is a convenient and reliable Waterproof Table Top Weighing Scale. Built with a stainless-steel housing that complies to IP68 waterproof design. This scale is totally waterproof, washable and easy to clean, making it a perfect choice for any environment where water and moisture are prevalent - meat packaging, poultry, fisheries etc.

The super bright GREEN LED display ensures accuracy and easy visibility, even in dark settings.

- Water/Dust/Wet Proof Design: IP68 stainless-steel body, washable, suitable for marine processing.
- Bright Display: Super Bright GREEN LED for clear weight visibility in low light.
- Compact Design: Lowered height (130mm) improves loading/unloading efficiency.
- Dual Power Sources: Rechargeable battery (DC6V, 4.5Ah) for 10-12 hours, AC power cord.
- Spirit Level Indicator: Ensures scale is level, critical for accuracy.

Systems and Solutions

High Speed Check Weigher

Eagle High Speed Check Weighers provide utmost accuracy at top speeds and therefore permits extremely high throughputs leading to increasing line efficiency.

- More suitable for Food & Industrial
- Capacity varies from 500 g to 10 kg
- Speed : Up to 150 pieces/min
- Accuracy : +/-0.2 mg to +/- 5 g according to the capacity

Optional Accessories

- Metal Detector
- Bottle Separator
- 21 CFR Compliance

Systems and Solutions

Shipper Check Weigher

- Most suitable for Cartons Boxes and Bags
- Capacity varies from 10 kg to 50 kg
- Speed: 8 ~ 30 boxes/bags per minute
- Accuracy: +/-0.1% of F.S

Systems and Solutions

Tank Weighing System

Tank weighing system normally consists of load cells, junction box and weighing controller. It is widely used in production management and process control areas where weight measurement & control is involved.

Optional Accessories/Ports/Functions

- Flame proof Indicator
- Flame proof Junction Box
- RS485 Modbus RTU output
- 4 – 20 mA output
- 0 – 10 V output
- Stainless steel loadcell and mounting kit

- Wide capacity from 50 kg to 300 Tons
- Accuracy : +/-0.1 %
- Stainless Steel & Alloy Steel Load cell
- Standard & Customized Mounting Kits
- Wall Mount & Panel Mount Type Indicators
- ATEX & FLP electronics available

Intelligent Terminal

Galaxy103

Galaxy 103 Terminal is easy-to-use equipment with an easy menu which helps enhance production. The Galaxy 103 Terminal can be used anywhere. In modern industries, instruments are required such that they optimally fulfil their intended purpose. If processes change, weighing equipment must also adapt. The Galaxy 103 Terminal has just that adaptability and offers the necessary flexibility. Galaxy 103 Terminal can be mounted on a table,on the wall or can be free standing on the floor.

TESTIMONIAL

Ovhal Milk Products Pvt. Ltd.

Date:25.07.15

"To Whom So Ever It May Concern"

"We are using 40 Ton Pit Less Weighbridge from eagle from over more than 5 years. We are satisfied with the product quality & after sales service from eagle. With their prompt after sales service , we have also entered for an AMC for weighbridge. We found eagle as a one stop solution for our weighing requirement. They communicate well & keeping us in the loop. We would have no hesitation in recommending eagle products to other prospective buyers"

Certificate of Recommendation

To Whom SO Ever It May Concern

We have been using eagle product DM Series Table top scale for close to 1 year. The product and its features are really appreciable. The scale which we have bought of weighing vegetables is suitable for our application.

EAGLE's customer service is really good. We appreciate their constant support and will suggest eagle products to prospective buyers.

Best Regards,

Director

Dear Sir/Madam,

I am writing this letter as a humble note of appreciation for the quality product and service provided by you, we are duly satisfied with your product and service. During last year we have received very good service and co-operation from your staff and especially from Mr. Sandeep Agarwal.

I appreciate the way you have trained your staff and the way they are following their duty perfectly. Keep up the good work. Once again thank you for the good service and I wish the company a lot of success.

Sincerely,

Thanks & Best Regards,
